A close-up photograph of a heavy-duty industrial bolt and nut assembly. The bolt is threaded through a metal flange, and the nut is secured with a washer. The metal components are dark and show signs of use. The background is a blurred industrial setting.

KOHAN INDUSTRIES PVT. LTD., MUMBAI
An ISO 9001:2015 Accredited Company.

COMPANY OVERVIEW

- > Engaged in manufacturing of wide range of fasteners, brass components, turned components, sheet metal components in stainless steel and various specialized grades
- > Over 150,000 in house product design capability
- > Total manufacturing capacity of 7,500 MT p.a. with additional land available for expansion.
- > Well established presence in International markets with exports to 50+ countries.

VISION

“Kohan wants to become the most successful and respected fastener manufacturing company in the Global Arena. Being the best means providing outstanding quality, service, and value, so that we make every customer satisfied in every way”

MISSION

“Kohan wants to sustain profitable growth by providing the best customer experience through Quality & Reliability. With our success, we want to ensure that our “Customers build their businesses” & “Employees build their futures””

OUR APPROACH

**SOLUTION
PROVIDER**

**VALUE

KEY HIGHLIGHTS

01

STRONG BRAND AND LEGACY

- > Well-recognized brand
- > Pioneers in manufacturing of high precision stainless steel fasteners in India
- > Brand is well-known for high quality/high precision stainless steel fasteners in the local as well as international markets

02

BLUE CHIP CUSTOMER BASE

- > Long standing relationship with blue-chip companies across industries including automobile, energy, construction, railways, defense and telecom
- > Customers include Automotive, Telecommunications, Defense, Infrastructure, Solar, Railways, Electronics & many more
- > Most customers are market leaders in their segment

03

WIDE RANGE OF CUSTOMIZED PRODUCTS

- > Manufacturing more than 1000 variety of customized fasteners & components
- > Strong ability to develop customize products based on customers requirement

04

MULTIPLE SALES CHANNEL

- > Diversified sales channel catering to domestic and international markets
- > Besides direct sales to manufacturing customers, the Company has a PAN India network of more than 150 dealers
- > Exports to 50+ countries

ENGINEERING EXCELLENCE

MANUFACTURING EXCELLENCE

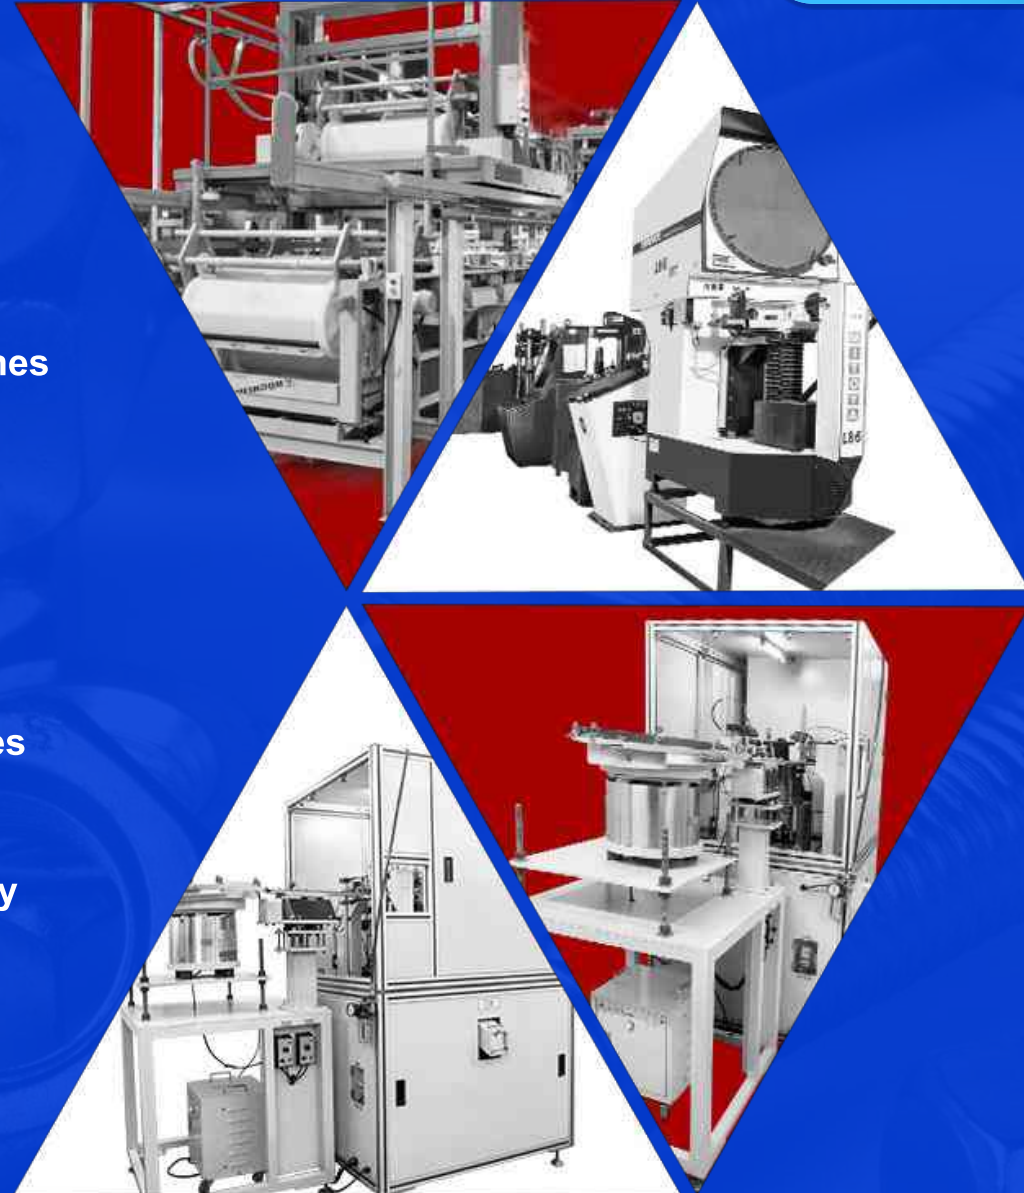

- ✓ High-Tech Cold Forging Machine
- ✓ In-House Wire Drawing Unit
- ✓ Key Approvals & Certifications
- ✓ Strong Expansion Potential
- ✓ In House Quality Assurance Lab
- ✓ Multi Location Global Warehousing
- ✓ Superior Quality & Efficiency

KEY MACHINERY

STAINLESS STEEL FASTENERS RANGE

- ▶ **Cold Forging Machines**
- ▶ **Thread Rolling Machines**
- ▶ **Auto Degreasing Polishing Machines**
- ▶ **Spring washer making machine**
- ▶ **Wire Drawing Unit**
- ▶ **Power Press & CNC Machines**
- ▶ **Slotting Machines**
- ▶ **Optical Sorting Machines**
- ▶ **Auto Counting & Packing Machines**
- ▶ **Nut Tapping Machines**
- ▶ **Dico & Enviro coating plants**
- ▶ **Washer Assembly Machine**
- ▶ **In House QA Lab**
- ▶ **In-house Tool Room**

KEY MACHINERY

BRASS COMPONENTS RANGE

- ▶ Tsugami Sliding Head Lathe With 5-axis
- ▶ Star Sliding Head Lathe With 4 - axis
- ▶ Traub Machine
- ▶ Hand Operate Machine
- ▶ Manual Drill Machine 1/2"
- ▶ Center Less Machine
- ▶ Ultrasonic Machine
- ▶ Air Compressor
- ▶ Surface Grinding
- ▶ Bench Center Grinder
- ▶ Vibrate Machine
- ▶ Cleaning Machine

KEY MACHINERY

SHEET METAL COMPONENTS RANGE

- ▶ Power Press
- ▶ Hand Press
- ▶ Turret Milling Machine
- ▶ Ground Drill Machine
- ▶ EDM Machine
- ▶ Shearing Machine
- ▶ Air Compressor
- ▶ Lath Machine
- ▶ Bench Drill Machine
- ▶ Riveting
- ▶ Automatic Power Machine
- ▶ Surface Grinding Machine
- ▶ Tapping Machine
- ▶ Wire Cut Machine

PRODUCT PORTFOLIO

STAINLESS STEEL FASTENERS RANGE

- ▶ **Hex Bolts & Nuts**
- ▶ **All types of Socket Heads**
- ▶ **Automotive Fasteners**
- ▶ **Construction Fasteners**
- ▶ **Integral Fasteners**
- ▶ **Security Fasteners**
- ▶ **All types of Screws**
- ▶ **Titanium Fasteners**
- ▶ **Special Design Components**
- ▶ **Covering All International Standards**
- ▶ **All types of Threads options Available**
- ▶ **All types of Metal Grades Available**

PRODUCT PORTFOLIO

BRASS COMPONENTS RANGE

- ▶ Turned Components
- ▶ Tuning Screws
- ▶ All types of Inserts
- ▶ All types of Pins
- ▶ All types of Fasteners
- ▶ Auto Components
- ▶ Electronic Components
- ▶ Aerospace Components
- ▶ Special Design Components
- ▶ Covering All International Standards
- ▶ All types of Threads options Available
- ▶ All types of Metal Grades Available

PRODUCT PORTFOLIO

SHEET METAL COMPONENTS RANGE

- ▶ All types of Clamps
- ▶ All types of Clinch Fasteners
- ▶ All types of Inserts
- ▶ All types of Pins
- ▶ All types of Stampings
- ▶ Auto Components
- ▶ Electronic Components
- ▶ Aerospace Components
- ▶ Special Design Components
- ▶ Covering All International Standards
- ▶ All types of Threads options Available
- ▶ All types of Metal Grades Available

QUALITY SYSTEM

QUALITY POLICY

Kohan is committed to;

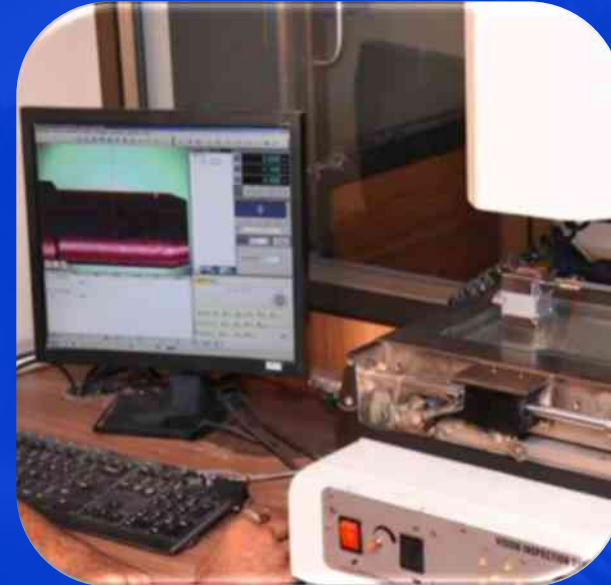

- > Product Quality meeting the Customer requirements
- > Value for Money Pricing
- > Better Logistical Networks for Customer Support.
- > Developing new Products in line with Future Market Trends.
- > Achieving targets with maximization of utilization concept with value engineering.
- > Being responsible towards Mother Earth by controlling waste management.

QUALITY SYSTEM

INFRA

- ▶ Bore Gauge
- ▶ Height Gauge
- ▶ Surface Plate
- ▶ Slotting Machines
- ▶ Hardness Testing Machine
- ▶ Micro Meter
- ▶ Thread Gauge
- ▶ V-Block
- ▶ Auto Counting & Packing Machines
- ▶ Ruler Gauge
- ▶ Measuring Tape
- ▶ Hardness Tester
- ▶ Digital Blade Vernier Caliper

QUALITY SYSTEM

SPECIAL OUTDOOR INSTALLATION ECO-FRIENDLY FASTENER SYSTEMS

- ▶ **Improved sustainability performance versus EPDM**

Recyclability of scrap during manufacturing process

- ▶ **Long-term sealing**

(HPRW) offers excellent long-term sealability over a wide temperature range and better long-term compression stress relaxation than EPDM rubber. It also exhibits excellent fatigue resistance with no cracking or crazing, even at extreme temperatures (-51°C to 135°C).

- ▶ **Weather Resistance**

HPRW provides good UV light stability over a wide service temperature range, cold temperature flexibility and excellent ozone and chemical resistance.

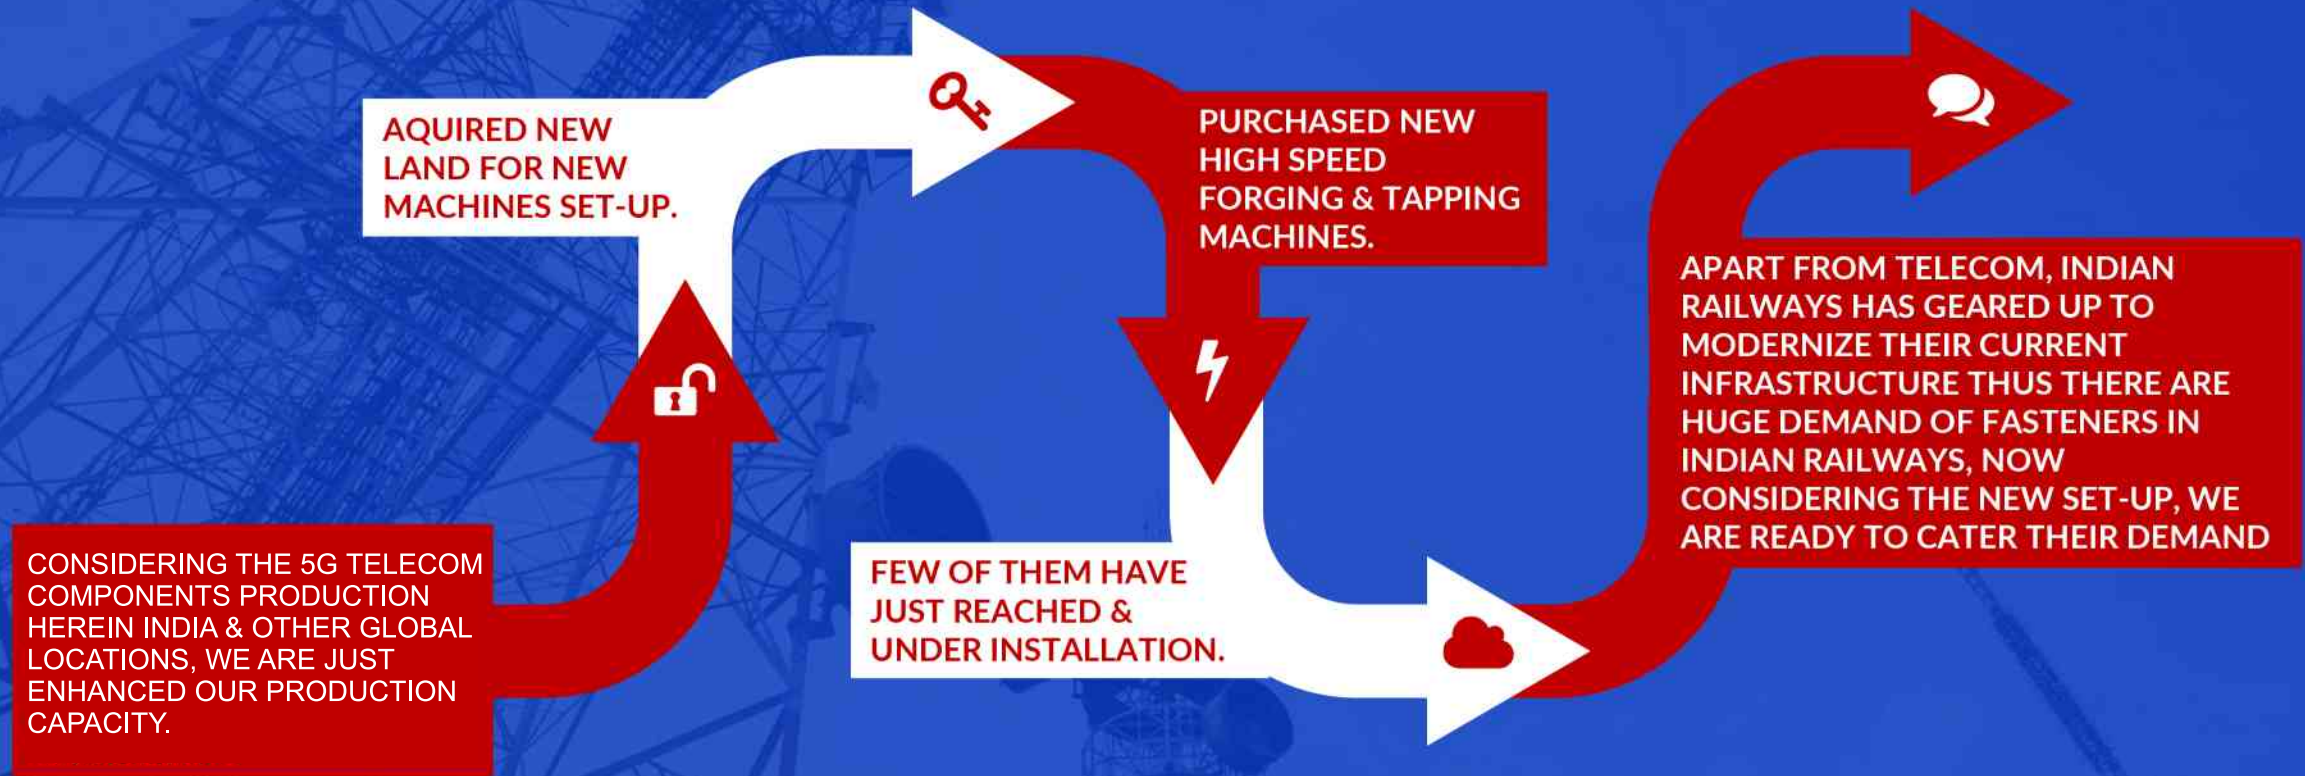

- ▶ **Weight reduction**

It has a lower density than EPDM rubber, silicone or PVC, making part weight reduction possible.

**ECO FRIENDLY AND LONG LIFE SPAN HIGH
PERFORMANCE RUBBER WASHER (HPRW)**
